- Chlorofluorocarbons (CFCs)
- Phthalates
- None of the above
  
- Haworth Banned Chemicals List compliant
- Living Building Challenge™ Red List free

\*chemicals disclosed to concentrations ≥ 100ppm of materials.

WELL BUILDING STANDARD®

With the advent of the first wellness-based building standard, pioneered by DELOS, Haworth was eager to implement the WELL Building Standard both in our products and showrooms globally. Haworth has the first WELL Certified project in Asia - our Shanghai showroom, as well as the first WELL certified office furniture showroom in the US - our LA showroom.

Products such as Soji contribute towards WELL certified projects with attributes including:

- Low emitting materials - major products are Greenguard certified
- Non-toxic materials - major products are free of chemicals of concern including urea-formaldehyde (green core option)
- Material transparency - chemical (HPD) and life-cycle assessments are available for most standard Haworth products
- Ergonomics - Workstation chair height adjustability and seat depth adjustability is compliant with the HFES 100 standard or BIFMA G1 guidelines
