

Suite™

Private Office

The nature of work is changing at an exceedingly fast pace, producing new business challenges that affect where and how people work. Suite is a premier private office and collaborative spaces collection—and so much more. Its adaptable solutions respond to brand, culture, workstyle, and space efficiency needs, leading to organizational success.

HAWORTH®

Setting the Bar for Culture

With its breadth of capabilities, Suite has the power to blend corporate culture and brand with individual workstyle needs and preferences. Its multi-use solutions support a range of activities throughout the day—from heads-down work to larger group collaboration—with design options that reflect personal expression in a corporate environment.

Create High Performance Spaces

From access to the right technology, to analog display tools, storage, and reference, Suite keeps everything where you need it, making it easy to switch from individual focus work to group tasks and meeting activities—all within the same space.

Height-adjustable components – Support ergonomic needs to complement unique workstyles and keep people comfortable, happy, and healthy.

Analog display tools – Magnetic glass, fabric accent tiles, reference shelves, and the multi-purpose work wall keep materials at your fingertips and provide tactile capabilities to fit a variety of workstyles.

Easy access – Sliding blotters and personal storage credenzas provide easy power and technology access, while reveal/conceal components offer a mix of secure storage and display options to keep things orderly.

Multi-use capabilities – Components that support multiple functions and workstyles, such as personal storage walls, credenzas, height-adjustable tables, and organic-shaped worksurfaces, offer smooth, easy transitions from individual tasks to conference and collaborative activities—all within one private office to optimize the available footprint.

Upper and lower storage options – Utilize vertical space to keep items out of the way yet close at hand when working, and secure when the primary occupant is away.

Sequence Matched Premium veneer – Carefully hand selected and manufactured through an intricate process that retains visual cohesiveness required to create an elegant space.

Highly customizable – A variety of finishes, application options, and Tailored Solutions™ are available to suit personal needs and preferences, while supporting organizational culture and brand.

Colors, Materials, Finishes

Suite's handcrafted components and range of looks—from restrained to expressive—provide the design freedom to create inviting, custom spaces that reflect individual preferences, as well as organizational brand and culture. A wide array of finish and accent tile options create a mix of tactile and visually appealing materials, adding color, texture, and warmth to the space.
