ToDo offers new ideas and new ways of doing things perfect for the boardroom or the reception area. Rooms that need to adapt, change, and grow. ToDo allows you to have a truly flexible and interactive environment, not to mention — comfortable.

ToDo is available in a single, double, or triple seater. Options include a rotating arm, a tablet with various wood finishes, an ottoman and a cup holder. ToDo is responsive to technology and can be stationary or mobile. The ToDo chair will transform any room into a space for meetings, presentations, training sessions, or video conferencing.

ToDo

ToDo Chairs and Ottoman

Adaptable

ToDo chairs, with smooth rolling casters, allow the meeting to take place anywhere people need to gather to brainstorm or listen to a presentation. These chairs are ready for a computer, or notepad with their 360 degree rotating wood-finished arm tablet, that is interchangeable from the chair's left side to its right. What's more, this chair adapts to any body.

With side seating, loveseats and sofas, ToDo makes a clean design statement in lobbies, reception areas, and executive suites. All models have a shelf option for storage and the single model also has an ottoman option. ToDo is a versatile line offering style and comfort.
