

Workware™

PRODUCT SHEET

HAWORTH®

Whether you work together around a table or around the world, Workware lets multiple users connect, share, and keep ideas flowing. With wireless and cabled connection solutions, you can collaborate easily and inspire team creativity in any location. A comprehensive line of monitor supports and other components integrate with Haworth furniture for a clean aesthetic.

Workware Wireless

Wireless and secure at an enterprise level, Workware Wireless supports simultaneous sharing and communication for multiple users in real time. Content sharing is simple and intuitive regardless of your physical location or device. Workware Wireless Pro enables everyone to actively participate and contribute well beyond the four walls of the conference room.

Workware Cabled

Workware Cabled provides advanced power and sharing capabilities, all in a simple and easy-to-use interface. Options let you tailor it to meet the needs of your shared space. Choose power receptacles to charge your mobile wireless devices. Add VGA and HDMI cables and a Workware Cabled Processor to share content from your devices through a cable to the screen.

Thoughtful Technology

For application flexibility, you can combine Workware Wireless and Workware Cabled solutions, as well as switch between them,

at the touch of a finger. With media file sharing and app window sharing, you can work behind the scenes and maintain computer privacy. A simple touchpad gives you complete control of the monitor, cable switching, wireless, and video conferencing functions.
