

# Circa

by Pablo Designs

Pablo Studio | 2013

Revolutionary yet familiar, Circa table, floor, and pendant lamps shed balanced ambient light in an infinite number of positions. With a 45° shade tilt and 360° shade rotation, the circular, flat-panel LED disc moves fluidly above its axis point. It illuminates with just a touch for three levels of intensity. A USB charging port is integrated into the floor and table versions. Perfect for versatile lighting in the office.
