

## Solis Drum

Pablo Designs® | Carmine Deganello and Pablo Studio | 2016

Featuring a uniquely engaging blend of light and shadow, Solis Drum is made of laser-cut polyester fabric with an aluminum top and bottom ring construction that allows the shade to hang under tension. A stunning LED dome diffuser spans the diameter of the top ring, radiating light down and sideways to cast shimmering, warm patterns for a sense of weightlessness in any space—an impressive effect alone or in a bold grouping.
