

X99

Comfort and functionality cleverly disguised as art.

Designed for comfort yet exuding attitude, X99's full family of chairs has style that's ready to make its statement in any work environment or application. With precision performance that effortlessly adjusts to the moment, the X99 family seats everyone equally well. And thanks to the global design team that created it, the X99 manages not only to work hard but to make it look so easy.

X99

Innovative adjustments like its three-dimensional lumbar and a 3-position seat-depth extension make getting comfortable with X99 a non-issue. And it not only fits just about any body, it also fits any décor. With its clean, European aesthetic, X99 finds balance in every environment. It's the chair you can take anywhere.

Height-adjustable three-dimensional arms, pneumatic seat-height adjustment, height and depth adjustable lumbar support, tilt back lock and tilt tension are seamlessly integrated with the design.

Both X99 Seminar and Advanced Seminar chairs feature a flexing back design making them remarkably comfortable through long meetings. And the Seminar Chairs nest neatly to conserve floor space.

From fully upholstered in leather or fabric to breathable soft mesh, X99 lets you express yourself confidently, fashionably, and comfortably.
