

LTB™

Haworth | Catherine Le Téo and Thierry Blet | 2010 | Made in the United States

Features and Specifications

Bookcase

The three shelf bookcase is made of painted MDF. There is 12" (305mm) of clearance between shelves. The adjustable glides are made of black plastic.

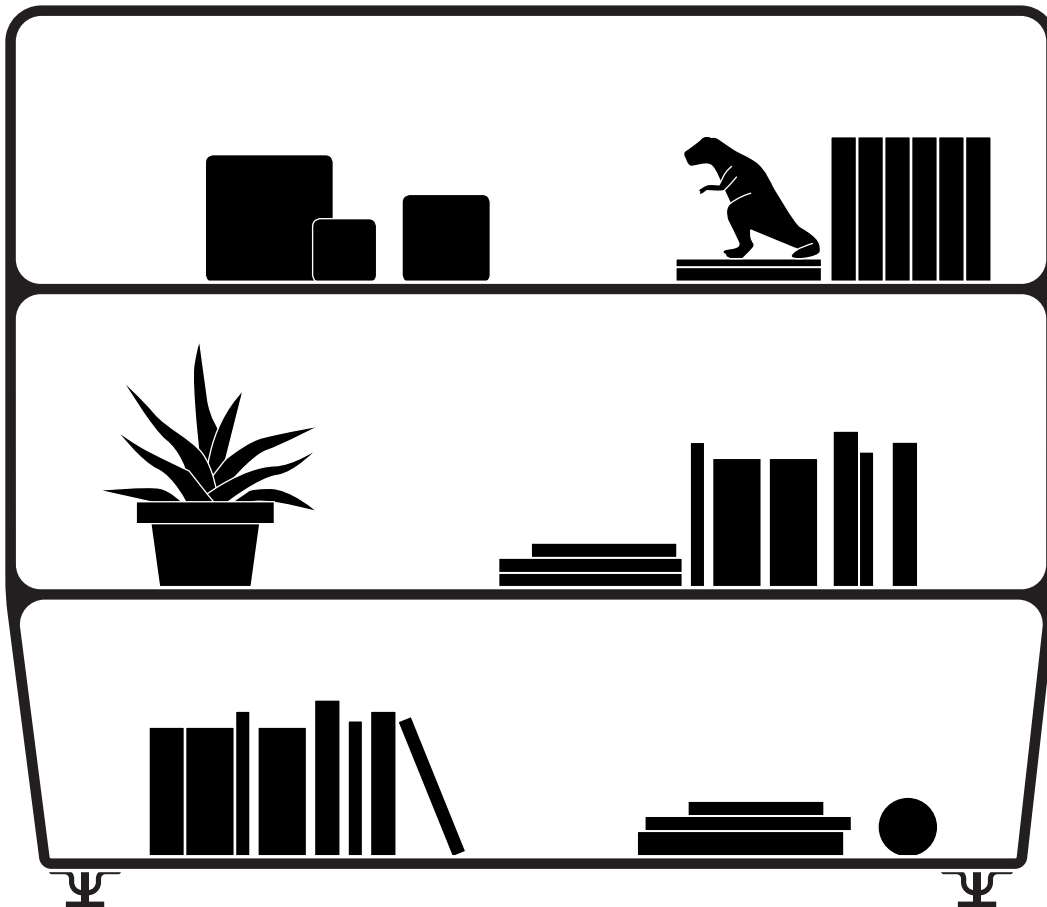

Additional Notes

LTB bookcases can be used along walls, or in the center of the room as a space divider. They can also be placed perpendicular to LTB seating to divide lounge areas. The shelves are accessible from both sides of the bookcase.

Surfaces

Paint

Polar (TR-PL)
Stormy (TR-SY)
Vapor (TR-VA)
