# Cultivate™

## Tables

Cultivate is a shared table that creates a sense of community, encouraging interaction and collaboration with an inviting balance of practicality and visual appeal. Whether designing a new space from scratch, or simply integrating open, informal, collaborative hubs into an existing floorplate, Cultivate provides simple yet flexible design options. Combine tops and frames with power and storage to offer inviting destinations that enhance creativity.

## Aesthetic Scalability

Cultivate enhances variety in applications, adding social and community spaces, and break areas. Design the look you want, from warm and urban, to sleek and modern, expressive or restrained. Easily blend in or make a statement with a vast range of base paint colors, and tops in two thicknesses that come in laminate or veneer. Or, pair a frame with your own top.

## Features

Cultivate is intuitive from spec to build. The base and top are specified separately, allowing for easy creation of dynamic spaces and unique flair. Minimal parts and packaging simplify shipping and installation.

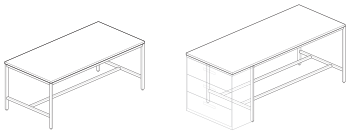
**Intuitive design** – Assembles easily with just two end caps, foot rails, and top/crossbars; pre-drilled worksurface mounting holes make installation efficient.

**Frames** – Accommodate varied postures and tasks; made from steel with standard integrated foot rail and available in two heights (seated – 28″; and bar – 40″), two depths (36″, 42″), and four widths (60″, 72″, 84″, 96″).

**Footrail** – Offers postural support; single footrail included on seated-height frame; two footrails included on bar-height (or standing-height) frame.

**Tops** – Offered in two core thicknesses for design options: standard (1.18″) or premium (2″).

**Statement of Line**



Seated

Standing
(storage optional)

**Top Mount Options** – Accommodate design preferences; specify flush for standard widths; overhang (108″, 120″); or overhang for storage (79″, 91″, 98″, 103″, 115″, 122″, 134″).

**Storage compatibility** – Dimensionally designed and scaled to specify X Series® storage components such as cubbies and lockers on one or both ends.

**Tailored Solutions™** – Provides the capability to build frame and top dimensions to suit specific needs and preferences.

**Part of Integrated Palette™** – Offers design and finish breadth and consistency among other Haworth products.

**Drop-in power modules** – Integrate to enhance collaboration and worker performance; field-cut and installed, including the Seamless Enhanced Power Module and the Wireless Charging Power Module.

**Workware® wireless and monitor mount** – Enhance sharing, communication, and display needs; seamless installation.

**Streamlined wire management** – Keep cables and work areas tidy: wire management basket, vertical sock, and vertical wire channel (leg-attached).

**Optional bag hook** – Provides a place to hang a purse or work bag.

## Colors, Materials, Finishes

Cultivate is available in the full range of standard Haworth paint colors, veneers, and laminates for both frames and tops.

## Certifications

- BIFMA level® 3
- GREENGUARD®
- FSC®
