

# Belong™ Plus

## Privacy Screens

Successful collaboration requires a combination of group efforts and individual focused work. However, this challenges today's organizations to find ways to include both types of spaces, while also incorporating well-being strategies. They seek versatile, adjustable solutions that support their people, keeping them engaged and productive. Tackable Belong Plus screens provide options that support both individual work and collaboration, while elevating the experience for people at work.

HAWORTH®

**Support Focus and Collaboration**

Belong Plus screens reduce distractions to support the moderate level of focus required for many individual tasks, providing user control and visual display to help people perform their best. Belong Plus allows for organizing, externalizing, and embedding information through visually accessible work tools that display analogue artifacts.

**Features**

With tackability and a variety of practical applications, the Belong Plus family of screens brings elements of privacy and cognition to freestanding, benching, and spine-based solutions—reducing visual distractions while fostering a collaborative environment.

**Center screen** – Use on benching and spine-based systems for privacy in front of and between users.

**Back screen** – For benching or freestanding applications, it can move along with height-adjustable tables.

**Territory screen** – For use in between users, it offers a sense of personal space and boundaries.

**Broad range of applications** – Offers easy specification and installation to coordinate with the Haworth Integrated Palette®; works with Belong Work Tools, Compose®, Compose Connections™, Reside®, Intuity®, Planes®, and Hop®.

**Colors, Materials, Finishes**

Belong Plus screens provide all the aesthetic and practical options organizations need to furnish a variety of spaces with a cohesive look. Available in a selection of 23 graded-in fabrics and a range of colors, Belong Plus screens help create warm, engaging environments people are drawn to. The craftsmanship of the simplistic fabric-wrapped frame and a variety of shapes and sizes add to the versatility of the Belong Plus offering.

**Certifications**

- GREENGUARD® Gold certified
