## Features and Specifications

### Seating Elements

SE04 is a system of modular benching and small, playful cubes available in a variety of shapes and sizes. An optional bolster can be added to the larger benches and upholstered in the same material as the seat, or in a contrasting material.

## Additional Notes

Textile crispness will be influenced by the amount of stretch in each textile. Some textiles will stretch more than others, resulting in a small amount of material pooling. This can be addressed by running a hand across the surface to smooth the material.

SE04 tables compliment SE04 seating.
