

Tate

JANUS et Cie

Features and Specifications

Side Chairs and Stools

The seat, backrest, and coordinating armrests are made of high density polyethylene (HDPE) slats. The frame is powder coated aluminum.

Additional Notes

Tate side chairs can stack six high. The stools cannot be stacked.

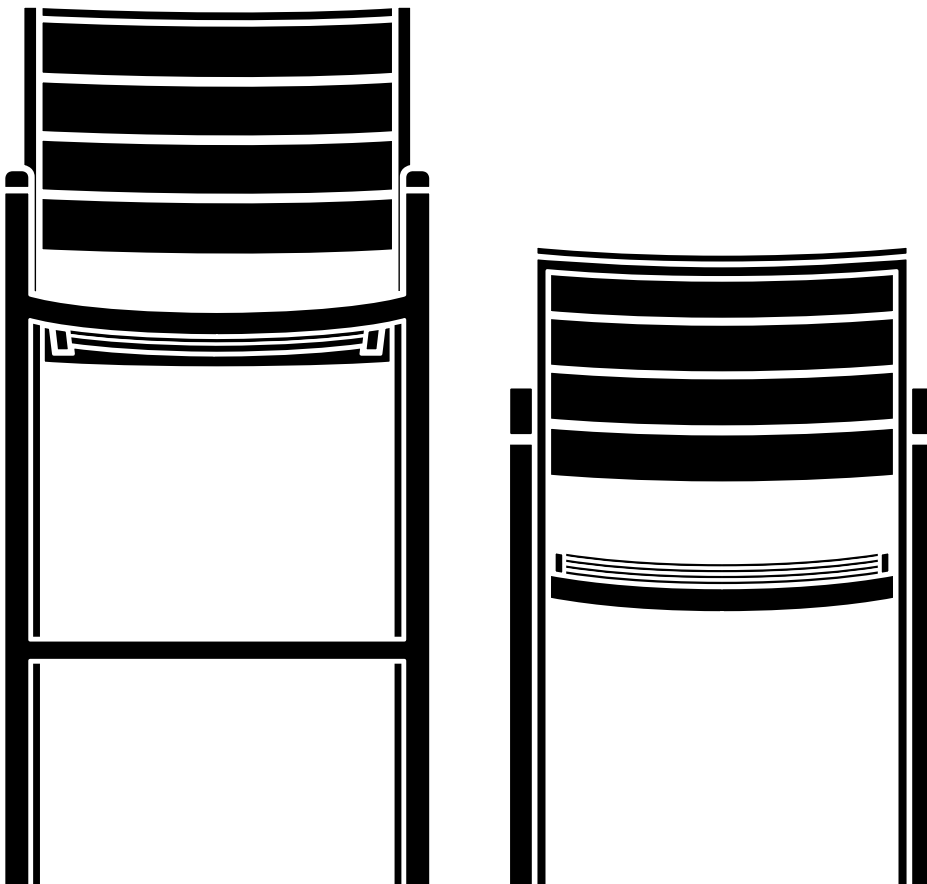

Tate seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, Tate may require special care. Refer to the Haworth Collection Surface Care Instructions for details.

Tate tables compliment Tate (JANUS et Cie) seating.

Surfaces

Frame Trim and Seat HDPE Combination
