

Gigi II

JANUS et Cie

Features and Specifications

Side Chair and Stools

The frame is made of aluminum, with a hot dip galvanized steel finished in black powder coated paint or electro-polished stainless steel. The seat and back are made of resin wicker.

Cocoon and Lounge Chairs

The frame is made of aluminum, with a hot dip galvanized steel finished in black powder coated paint or electro-polished stainless steel. The seat and back are made of resin wicker. The required seat and back cushions are sold separately.

Cushions and Pillows

The cushions and pillows are filled with polyester foam padding with an optional, water resistant muslin wrap. A reticulated foam option is available for the cocoon and lounge chairs, and is recommended for outdoor environments with high humidity or frequent rain. Pores in the foam structure allow these cushions to drain more quickly.

Additional Notes

Gigi II seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, Gigi II may require special care. Refer to the Haworth Collection Surface Care Instructions for details.

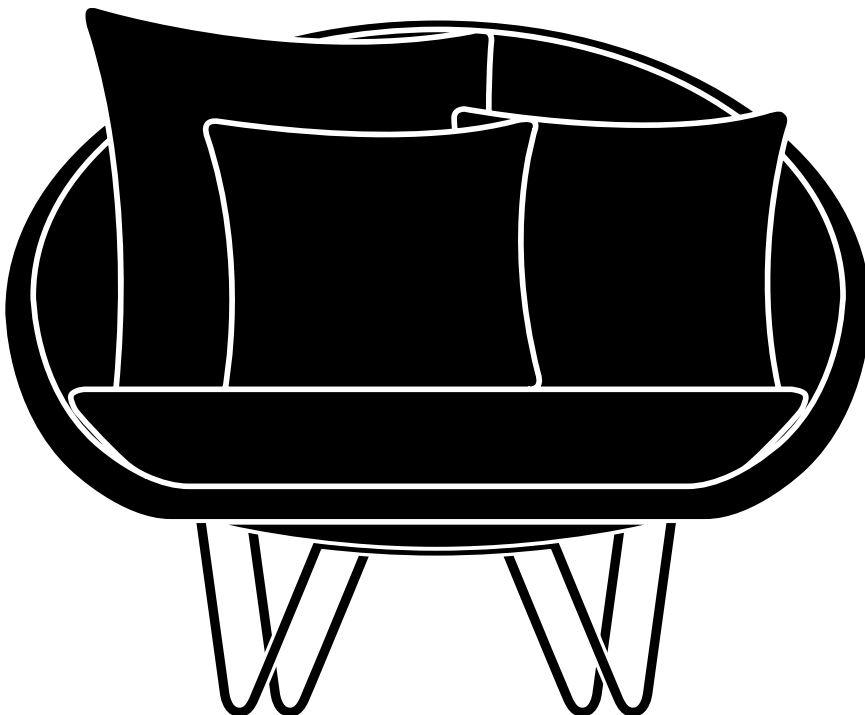

Surfaces

For a complete list of upholstery options, please refer to surfaces.haworth.com.
