

# Maari™

## 5-Star Base Seating

The Maari family of seating brings interiors to life through simple specification for a range of applications. Maari is everywhere—its gentle and inviting design offers simplicity and warmth in an aesthetic that provides balance within a space. Maari 5-star base chairs support both focus and collaborative work modes, which are equally important for employee engagement.

### Collaborate or Focus in Comfort

Maari was influenced by our knowledge of seat and back contours, and Patricia Urquiola's design vision. The shell cradles you with distraction-free comfort in a warm aesthetic that makes you feel at home. Swiveling 5-star base chairs offer complete comfort in active seating solutions, supporting various postures and height changes without the complication of multiple adjustments.

### Features

With its mix of materials and tactile softness, Maari artfully blends beauty, form, and function. The statement of line is rooted in a one-piece, textured, molded shell that is the same for all chairs for simplicity of specification. Combine 5-star base chairs with 4-star, wood base, 4-leg, and sled base chairs and stools to accommodate diverse seating needs within one product family.

**Gentle, rounded shape** – Complements other products in the Haworth portfolio.

**Wide seat and back** – Designed with a built-in level of support to accommodate a broader range of users.
