

HAWORTH

Be_Hold

Storage

In one storage platform, Be_Hold™ modular storage provides a complete solution for ease of planning and space optimization across an open floorplate. Be_Hold supports human connection, social activities, and comfort through an array of accessories, personalization, and active storage options.

Features

- The expansive offering includes pedestals, lateral files, credenzas, storage cabinets, upper storage, personal storage towers, bookcases, wardrobes, and accessories
- Glue-and-dowel construction ensures lasting performance
- Full-case bottoms create rigid structures
- Proud or inset fully finished backs are available on several components
- Metal locks are secure and durable
- Five pulls come in a variety of finishes
- TFL laminate surfaces with HPL top surfaces enhance durability
- Premium TFL is offered in a unique palette of colors and textures
- Cases and fronts may be different colors for design flexibility
- Integrates with Haworth Compose®, Compose Beam, Compose Connections™, and Intuity® workstations; certain Hop® and Planes® height-adjustable tables

Certifications

- BIFMA LEVEL® 2 certified
- GREENGUARD® certified
- ANSI/BIFMA X 5.9-2019
