

# Cap Chair 2 by Cappellini

Jasper Morrison | 2014

An evolution of the Cap Chair, Cap Chair 2 is highly tailored and crafted in an understated design, turning the classic meeting room into a meeting lounge. The elegant aesthetic is also appropriate for more formal dining and guest seating. With self-locking casters, Cap Chair 2 is easy to move and locks in place when in use. The sides and armrests are fully covered and upholstered in hide or pigmented hide.
